THE EVOLUTION OF WILD ROCK GOLF CLUB

Encompassing a scenic and diverse piece of topography, world-renowned golf course architects, Hurdzan & Fry, relished the opportunity to build a world class golf course in Wisconsin Dells. Starting with several site visits, Hurdzan & Fry developed several great routing choices for the course, but not until a particular site visit took place was the routing finalized after discovering an amazing sandstone ridge. With views reaching 30 miles, on a clear day,

Hurdzan & Fry changed the course layout to maximize those views within the golfer's trek of these brand new 18 holes of championship caliber golf. Since its opening in May 2008, the accolades keep pouring in. Nationally ranked #5 Best New Course by Golf Magazine, and 4th best "New Public Golf Course of 2008" by Links Magazine (.com), this course is quickly becoming a favorite of golfers everywhere!
